**WE ARE GOING TO CUBA!!! 9 NIGHTS/6 DAYS OF
DELUXE ACCOMMODATIONS & FANTASTIC FLATS AND REEF
FISHING ANGLERS \$5495 NON-ANGLERS \$2775**

If president Obama does in fact pass through congress the lifting of travel sanctions we will be able to deduct \$500 from the trip.

American's can now officially visit the county of Cuba on a "people to people" program endorsed and sponsored by the Oceanographic Society and approved by our government. The trip includes a \$500 tax-deductible contribution to the society. Again, if travel restrictions are lifted by congress then we can each deduct \$500 from the trip

I have wanted to fish Cuba for many years. Canadian and European friends have told me about the untapped flats and reefs where bonefish, permit, tarpon, snook, jacks and many other species abound. Our hosts have also given us a \$1500 group discount. A FANTASTIC DEAL!!!

We will spend two nights in Havana with one day of guided touring and exploration. We will then fly from Havana to Cayo Sol where we will spend six nights and days fishing the flats and reefs of Cayo Sol. Non anglers will have all inclusive terrestrial tours, drift snorkeling, scuba diving, visiting turtle nesting areas, tours to the mangrove forest, crocodile tours, hikes, nature walks, kayaking and much more. Lastly we will then wing our way back to Havana for our final night.

This trip is inclusive of all accommodations, meals while at Cayo Sol, all Cuban transfers and Cuban flights, all beverages (alcoholic and non) and all activities for the non anglers. This will be an amazing trip JOIN US!!!

Remember, when you travel with us you are traveling with friends.
